

# Public Consultations have begun

The Integrity Commission of Trinidad and Tobago wants to be more effective in **promoting integrity** and making Trinidad and Tobago corruption free.

CONSULTATIONS  
ARE BEING HELD  
AS WE CONTINUE  
TO RECEIVE  
VALUABLE  
COMMENTS AND  
SUGGESTIONS.

## As we work towards:

Uncovering Corruption

Maintaining Oversight on  
Persons in Public Life

Winning wider public support

## You can help...

...by answering questions such as:

- ✓ Should all persons and institutions who make use of 'public money' come under the scrutiny of the Integrity in Public Life Act?
- ✓ Should there be exchange of information between the Integrity Commission and crime fighting agencies?
- ✓ Should there be the levy of fines and penalties on Persons in Public Life who do not file declarations as well as on institutions that fail to comply with requests for confirmation of information in respect of the audit of a declaration?
- ✓ Should there be enhanced provision for whistle blowers?
